📅 Upcoming / Ongoing Events

FOSSASIA Codeheat - Build up your developer profile and become a codeheat hero! Win a trip to FOSSASIA Summit 2024.

MLDS 2024 - MLDS is the premier Generative AI conference, where India's top innovators and practitioners in the field of artificial intelligence will converge to exchange their insights and experiences.

(STEP) Intern, 2024 - Google is invested in increasing future computer scientists and software developers, particularly those who are historically underrepresented in the field. Google aims to inspire these underrepresented students to continue in the field with such a program.

Diversion 2k24 - Diversion 2k24, hosted by the ACM student chapter of IEM Kolkata, is an annual flagship event. The last edition was West Bengal's only in-person MLH hackathon, boasting 400+ participants, 20+ judges, and mentors nationwide. The upcoming event, accredited by MLH for the second time, will be India's first AI-powered hackathon. 🚀
